OVERVIEW

MCQ Construction Services is a general contractor, specializing in interior finishes and established in 2003. Since its inception, MCQ has developed by continually striving to improve project performance through execution of high-quality work, emphasis on job safety and a meticulous approach to project management.

Our passion and commitment for excellence, together with the dedication of our team of highly skilled professionals, strong strategic alliances with industry expert suppliers, and specialty trade subcontractors, enable us to meet and exceed all schedule, quality, financial, and safety related project goals.

PAST PERFORMANCE AND EXPERIENCE

Federal Sector:

Completed in excess of 500 federal projects ranging from a 267 task order IDIQ for the Miami Service Center for General Services Administration and multiple design/build interior renovations for General Services Administration, US District & Bankruptcy Courts and the Federal Bureau of Investigation to the first vehicle charging station installed at the Claude Pepper Federal Office Building. In addition, we have executed renovations for the US Coast Guard in Miami Beach, Department of Defense at MacDill AFB and Homestead AFB as well as for National Aeronautics and Space Administration at Kennedy Space Center.
